### INDICATIONS FOR USE AND TARGET SPECIES

Astringent lotion indicated for removal of superficial warts, abrasions, calluses, and necrotic tissue in cattle, horses, swine, sheep, goats, dogs, and cats.

**DOSAGE:** Ad libitum

### ROUTE OF ADMINISTRATION:

Topical. Wash affected area with soap and water, make a depression with a curved tip, apply the lotion and let act. May cause slight inflammation that disappears in a few days. Apply 1–2 times daily at the veterinarian's discretion.

Apply only to the affected area.

### STORAGE CONDITIONS:

Store at room temperature ( $\leq 25$  °C), in a dry place protected from sunlight.

Keep container closed. Keep out of reach of children.

### WARNINGS:

Caustic product.

Irritant: use gloves for application.

Avoid contact with mucous membranes and open wounds.

Do not administer to animals with sensitive skin or immunosuppressed states.

Consult a Veterinarian.

Sale requires a medical prescription. Veterinary use only.

**For exclusive use by the Veterinarian.**
