

RIN TIN TIN® INSECTICIDAL SOAP

CICOPLAFEST REGISTRATION

Reg. RSCO-PEC-INAC-01011-307-323-0.025

Bar soap.

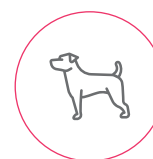

Insecticide and acaricide, for the control of external parasites in dogs.

PERCENTAGE COMPOSITION

Common and chemical name of the active ingredient	% by weight	Active ingredient equivalence
PYRETHRINS (1S)-2-methyl-a-oxo-3(Z)-penta-2,4-dienyl cyclopent-2-enyl (1R3R-2,2-dimethyl-3-(2-methylprop-1-enyl) cyclopropane carboxylate)	0.025	0.250 g/kg
Inert ingredients:		
Piperonyl butoxide (synergist), flavoring agent, humectant, and excipient	99.975	

Use in species

Dogs

TOXICOLOGICAL CATEGORY: IV

INDICATIONS FOR USE AND TARGET SPECIES:

Indicated in dogs for control of: flea (*Ctenocephalides canis*), lice (*Heterodoxus spiniger* and *Linognathus setosus*). Adjuvant in elimination and control of mange (*Sarcoptes scabiei* and *Demodex canis*). Leaves the coat soft, shiny, and pleasantly scented.

DOSAGE:

Wet the animal with warm water, lather gently until abundant foam forms, leave for 5 minutes, rinse thoroughly, and dry. Repeat depending on infestation level and veterinarian's discretion. Baths every 8–15 days as required.

ROUTE OF ADMINISTRATION: Topical

STORAGE CONDITIONS:

Do not transport or store with food, clothing, or forage. Do not expose to high temperatures or sunlight. Keep out of reach of children.

RECOMMENDATIONS TO THE PHYSICIAN:

Chemical group: Pyrethrins. The soap contains natural pyrethrins. Treatment should be symptomatic, as no specific antidote exists. Symptoms: headache, nervousness, blurred vision, cramps, or general numbness.

ENVIRONMENTAL PROTECTION MEASURES:

Avoid contact of the soap with natural flora and fauna. Toxic to bees. Do not reuse container; wrap and dispose of in authorized waste bins. Disposal of empty containers must comply with the General Law for Waste Prevention and Comprehensive Management.

WARNINGS:

Use gloves.
Wash hands after use.
Avoid contact with eyes.
Do not use in pregnant or lactating females.
Do not eat or drink during use.
Wash hands before eating.
Keep out of reach of children.
Avoid contact with ocular mucous membranes.
Consult a Veterinarian.
Sale requires a medical prescription. Veterinary use only.

For exclusive use by the Veterinarian.
