

# UBRICINA®

REGISTRATION: Q-0209-006

## Emollient

rubefacient, and anti-inflammatory ointment.

### FORMULA

Each 100 g contain:

Methyl salicylate	1.5 g
Eucalyptus oil	2 g
Turpentine oil	4 mg
Phenic acid	3 g
Vehicle q.s.	100 g

### Use in species

Cattle

Horses

Sheep

Goats

Dogs

Swine

### INDICATIONS FOR USE AND TARGET SPECIES

External treatment of inflammations in cattle, horses, sheep, goats, swine, and dogs. Excellent adjuvant in the treatment of mastitis and postpartum edema. Very useful in the treatment of sprains, tendon strains, contusions, arthritic and rheumatic processes, and abscesses.

### DOSAGE:

Apply directly to the inflamed or injured area with an abundant amount of product, massaging in circular motions for a few minutes to allow penetration of the medication. Repeat treatment every 24 hours until the lesion is completely healed.

**ROUTE OF ADMINISTRATION:** Topical. Local, on the affected area.

### STORAGE CONDITIONS:

Store the product in a cool, dry place protected from light. Keep the container tightly closed. Keep out of reach of children.

### OBSERVATIONS:

Do not apply directly to open wounds. Consult a Veterinarian. Sale requires a medical prescription. Product for exclusive use in veterinary medicine.

**For exclusive use by the Veterinarian.**
